

EXPANDING OUR VISION

GOAL: ILLUMINATION PROGRAM

Progressive Life Center, Inc. (PLC) launched the Illumination Program to enhance exposure to careers and cultural enrichment for youth in foster care. Youth between the ages of 12 and 21 are selected from our Foster Care program to participate in a three-month journey, visiting various local employers and exploring career possibilities.

Our vision for the Illumination Program is that every young person has the opportunity to thrive as a result of the encouragement they receive to develop their intellect and social and behavioral skills for success in the workplace.

"The Illumination Program has exposed me to many different opportunities to visit museums, colleges/universities, the zoo and I also bettered my bowling skills. Since I have not been in America very long, I am exploring all new things."
-Ashenafi Ashaka, Prince George's Foster Care Program

"Capital One hosted a great group of PLC kids. Salute to the Illumination program for exposing kids to today's corporate culture."
-Jason Andrian, Capital One Commercial Banking
